Get involved with L.I.F.E!

Getting involved in Landcare and getting involved with L.I.F.E. means different things to different people, but one thing for sure is that no matter who you are or where you live, there is a way that you can make a positive difference to your environment.

The L.I.F.E campaign is all about encouraging people across the country to get involved with Landcare. The L.I.F.E website is about bringing this campaign to *life*, by sharing content from the Landcare community, showing what Landcare is all about and promoting the many ways that people can get involved. We want to share your events, your stories and any volunteer opportunities you may have.

You can now actively search for volunteers by posting an ad on our new [LIFE Jobs Board](#). Maybe you have a one off project that requires additional support, maybe you would like someone to design a newsletter for you or help out with organising working bees. Submitting an ad is free and easy and will help get the word out there to people who want to get involved in Landcare.

Our new [LIFE Stories](#) section is all about sharing the fantastic stories that are out there in the Landcare community. Simply submit your 300 word story and a video or photo to accompany it and it will be shared for everyone to enjoy.

The [events calendar](#) sits on both the LIFE and Landcare Online websites and you can add your events to this by simply filling out the online form with your event details. You can then share your event posting with people via your social media profiles or newsletters.

In the following pages you will find details about the type of information we need for each section and how you can help encourage people to get involved with L.I.F.E.
