

“Delivering multiple benefit messages – A partnership with NRM”

a GRDC funded project being delivered by Ag Excellence Alliance

Riverina & Murray region Workshop – Thursday 26 March

Hosted by Lockhart Ag Bureau at

Lockhart Ex-Servicemen's Club, 83 Green St Lockhart

from 9am to 1pm followed by lunch

Workshop objectives - Identify the priority issues and opportunities that affect grain production and the natural resources in the region and develop action plans for collaboration and investment

Expected workshop outcomes -

- participants have an understanding of the objectives and activities of the GRDC funded investment – “Delivering multiple benefit messages – A partnership with NRM”;
- identify and prioritise the issues that affect both grain production and the management of the natural resources in this region;
- determine desired outcomes and required practice change(s) for five of the identified priority issues;
- develop program logic (using MAKAT tool) and action plan for an effective approach to achieve identified outcomes and practice change;
- identify existing and prior work that has been or is being undertaken to address these issues;
- identify opportunities for partnerships between GRDC/grains industry R,D&E providers for collaborative delivery and opportunities to leverage funding
- Where to from here? - identify key persons and/or organisations that will collaborate to progress and identified opportunities
