

Saving Our Superb Parrot Habitat Restoration Project

Female Superb Parrot

John Cooper Photography

Information Session

29th August 2018

Male Superb Parrot

John Cooper Photography

The beautiful superb parrot is a much-loved threatened woodland bird that needs our help to protect and restore its habitat. The NSW Government's Saving Our Species (SoS) program is providing nearly \$400,000 to help farmers and land managers look after hollow-bearing trees and woodland vegetation and to replant trees and shrubs for the future, which will also contribute to sustainable farming ecosystems.

The partners in this program, are excited to host an **information session** for landholders and interested members of the community, to **identify actions for on-ground works** that help save the threatened Superb Parrot.

Date: **Wednesday 29th August 2018**

Time: 9.00am – 1.00pm

Place: Meet at Graham Fire shed

105 Bennet Springs Rd, Hovells Creek

Directions: [Graham Fire Shed Bennet Springs Rd](#)

RSVP: To Linda Cavanagh 0459 681018 or Isohclg@outlook.com by 24th August for catering. Morning tea & sausage sizzle provided.

Please advise of any dietary requirements.

Speakers Include:

- **Introduction** Damon Oliver (OEH) will talk about the threatened species program and particular actions important for the Superb Parrot.
- **Paddock walk through the Bennet Springs TSR** Subject matter experts will help identify habitat suitable for protection and restoration to protect breeding and foraging habitat for the Superb Parrot.
- Project coordinators will talk about **Funding Opportunities** in their areas.

All welcome

Please wear appropriate footwear and clothing for paddock walk.
