

**Plan before  
you plant**

## ***GrainCorp Plan Before You Plant Meetings***

**Do you want to be involved in discussions around what will be received at your local GrainCorp site this coming harvest, especially Malt barley varieties and GM Canola sites?**

**Do you want a better understanding of what the market is currently after in malt barley varieties?**

**Presentation on localised barley varietal data**

### ***Meeting location and time:***

**Barellan: District War Memorial Club, 6th March 8am.** Bendee St Barellan- Breakfast will be served from 8am

**Grong Grong: Sports Club, 6th March 12pm** Canola Way Grong Grong - Lunch will be provided throughout the meeting.

**Boree Creek: Commercial Hotel, 6th March 4pm** Green St Lockhart - Afternoon Tea provided.

### **Other key Discussion points:**

- Chemical use and its IMPACT on markets via misuse. Understanding Maximum Residue Levels. What does this mean for your operation?
- Don't be disappointed at the sample stand, understand your varieties classification. Be sure what you are planting is what you are expecting to deliver. Discussion/distribution of the current varietal classifications.

### **Guest speakers:**

- **John Stuart (GrainCorp Technical Advisor - Grains & Oilseeds)**
- **Maryanne Lattimore and Lisa Castleman (DPI District Agronomist)**
- **Rob Hart (Hart Bros Seeds)**
