

Crops, Rumps and Woolly Jumpers

"Working Together"

Crops, cattle and sheep

Come along and have your say!

You are invited to participate in a innovative farming forum based on ABCs Q & A program and the SBS Insight program.

A six member farmer panel have been specially selected to share their experiences covering a range of farming systems across the region.

The forum is based on discussion between the audience and the panel following the presentation of these stories using short films shot on farm.

Come along and experience the benefits of open discussion between all areas of industry on issues facing farming in Southern NSW - in particular the different livestock and cropping mixes.

Don't miss out, numbers are limited - RSVP by the 10th of August and leave your feedback on issues you would like to see addressed on the day.

Event date: Wednesday 22nd August

**Location: Joyes Hall
Pine Gully Road
CSU Wagga Wagga**

Event time: 8:30 am to 4.00 pm

For full seminar details, program and map visit:
